RECOGNIZE RACING'S VALUE

PEOPLE OF NORFOLK HEARTILY IN FAVOR OF THE SPORT.

Possibility That Virginia Legislature Will Enact Favorable Racing Measure This Winter-Joseph Murphy Anticipates Success in Missouri.

Norfolk, Va., Nov. 23.—A new racing point has been established on a firm basis here. For several seasons the meetings of the Jamestown Jockey Club were run at a loss. Opposition at other points was in a measure responsible for this. The attendance during the present meeting has been indeed encouraging and although no great amount of profit will be realized by the promoters, still there will be a fair balance on the right side of the ledger. The meeting has been well conducted, the racing good and the sport clean.

There was some opposition from outside sources before the meeting opposition from outside sources before the meeting opposition from outside sources and the sport clean.

The presidents of the sport here attractive to visitions. It would not be surprising should a racing bill favorable to the sport be passed by the Virginia Legislature during the coming winter. If such action is taken the bill will be framed along local option lines, which looks to be a sensible solution of the racing problem.

During the earlier days of the meeting the secretary was handicapped by a lack of racing material. Many stables were delayed en route from Laurel by lack of cars. Later on, the track was in bad condition, and this, too, resulted in light fields. Now that the weather has settled, the sport should continue the weather has settled, the sport should continue the weather has settled, the sport should continue the lower. There is always in a splendid continue the weather has settled, the sport should continue the lower. There is always in a splendid continue the bow hard it rains, the footing is never really bad. Except for a stretch of about a furlong along the backstretch the track dries out rapidly. This bad spot is paralleled by a row of tall trees that be activated in the summary of the backstretch the track dries out rapidly. This bad spot is paralleled by a row of tall trees that be very large to the summary of the best seven and the fall that he was forced to follow a ridge with the result that it is more or

of the riding club. In this structure eighty stalls will be constructed where members may winter their horses.

Former Governor David R. Francis and Rolla Wells were the first signers to the prospectus that was circulated by Judge Murphy and they have taken an active interest in the enterprise. There are now 200 members and it is expected that this number will be increased to 2,000 before next spring. The clubhouse will be a spacious affair. The initiation fee has been placed at \$50, with annual dues of \$25. This will entitle members to all privileges during the different amusements given during the season. If members of the club wish to place a small wager on the outcome of the races among themselves, they can do so, as this is not contrary to the laws of Missouri. Whatever wagering is done, however, will be confined to the clubhouse enclosure and strictly among the members. No bookmakers will be permitted on the grounds and such wagering as is done will be between individual members. The betting laws of the state will be strictly enforced and no wagering of any sort will be permitted in the public stand.

During fifteen days in the spring and fifteen days in the fall speed contests will be held and it is just possible that the same number of days will be given at the Elm Ridge track at Kansas City and also at the new mile fair grounds track that will be constructed in Oklahoma City. This will mean a circuit of ninety days of racing on tracks that will be will be presented on the contracted in Oklahoma City. mean a circuit of ninety days of racing on tracks that will be within one night's shipment of each other.

Capt. William F. Presgrave, an officer and stock-holder in the Maryland Jockey Club, came over from Sallsbury, Md., on Monday last to enjoy a few days of racing. Captain Presgrave is a personal friend does not anticipate any trouble for the racing interests in that state, provided the sport is kept within the bounds of reason. Governor-elect Goldsborough of Maryland. He does not anticipate any trouble for the racing interests in that state, provided the sport is kept within the bounds of reason. Governor-elect Goldsborough likes the thoroughbred and is a liberal minded man. This does not mean, however, that he looks with favor upon continuous racing in the vicinity of Baltimore as was the case during the past summer and it would not be surprising should legislation be enacted that will place the sport under the control of a commission similar to that in Kentucky.

William Garth came over from Charlottesville last week to look over his horses that are racing here in charge of his son, Lewis. When told by some of the horsemen of the improvement shown by Maromara, Feather Duster and Busy, the senior Garth took a train back for home. He allowed that he could not improve on the young man's training of the horses and that Lewis had done better with the three horses than he could have done himself. Mr. Garth will be back next week. He will spend the interval in Washington, where he has a bunch of yoarlings quartered at the Benning race course, There are a couple of Albemarle-bred Glorifiers in the lot that can run like the wind. Two of them have worked quarters in better than 24 seconds al-

ready. The third best of Mr. Garth's yearlings is a colt by Hermis that he bought in Kentucky. Glorifier is a Hastings horse and the best son of the Spendthrift stallion that raced ahead of Fair Play and Priscillian. Glorifier won the Metropolitan Handicap of 1907 under the silks of the veteran borseman, James McCormick. If Fair Play had not developed first class form in 1908, August Belmont, the owner of Hastings and the breeder of both Fair Play and Glorifier, would have purchased Glorifier from Mr. McCormick and established him at the Nursery Stud to take the place of Hastings, which stallion is getting along in years. When Mr. Belmont decided that he did not want Glorifier, Mr. McCormick leased the horse to the Hancocks of the Ellerslie Stud in Virginia, The Hancocks are delighted with the big chestuut. Glorifier has proven a uniform breeder and his offspring have excellent feet and legs. Moreover, he stamps his get with the imprint of his own individuality.

P. S. P. Randolph, the Philadelphian turfman who maintains a winter establishment in Aiken, South Carolina, has written his trainer, J. Byer, to arrange for stabling at the track now under course of construction at Charleston. It is Mr. Randolph's intention to race part of his stable at Charleston. Plate Glass will probably be shipped to the farm for a winter's rest. The black son of Plaudit has more than paid the expenses of the stable this season. He has won at every track where he has raced and several of his victories were achieved in stake events. Beson and All Red will be among the number that will carry the Randolph colors are construction of six weeks fishing at the number that hill carry the Randolph stable at Charleston. At the conclusion of the present meeting Butwell will ride for the Randolph stable at Charleston. At the conclusion of the present meeting Butwell will ride for the Randolph stable at Charleston. At the conclusion of the present meeting Butwell will go south and will spend a month or six weeks fishing at the mouth of the St.

John's river.

Albert Simons is one of the number that have decided to rest during the winter. He will dispose of Surfeit, Jawbone and one or two others and plans to ship the remainder to Benning, where they will go into winter quarters. Mr. Simons has arranged to take ten of the yearlings that James Rowe is handling for Harry Payne Whitney at the Brookdale Farm in New Jersey. Half a dozen youngsters were sent south by Mr. Rowe last spring to trainer Simons at Jacksonville and he did well with them. One of the number, Moisant, won a dozen races and several stakes.

NOTES OF THE TURF.

Seventy applications were received by the Victoria Racing Club, Australia, in reply to an advertisement for a paid steward.

George McSweeney has sold Robert Cooper, and the brother to Montgomery has gone south from Toronto for the winter racing.

William Waldorf Astor's two-year-old Lancastrian ran second for the Kineton Plate at the Warwick meeting, in England, Tuesday.

Thomas Hitchcock, Jr.'s Huetamo won the Pri Lady Killer, a hurdle handicap of \$1,015 for three year-olds at Auteuil, in France, yesterday. J. E. Widener's Avenue ran third in the Prix Saida at the Auteuil course, in France, Tuesday, with O'Leary in the saddle. There were three horses in the race,

Louis Winans' Adam Bede does not wear wel with English critics, and one of them wrote, after the son of Adam won a moderate race at Liverpool "It is evident that Adam Bede has been consider ably overrated, and he seems to have no pretensions to win in good company."

Charles Kohler, who recently purchased Fitz Herbert, Novelty, Zeus and other horses from S. C. Hildreth, says he has decided not to ship them to England on December 2. He is anxiously awaiting the return to America of Mr. Hildreth and jockey Shilling, who are on their way home. Mr. Kohler is unable to say why Mr. Hildreth did not remain longer on the other side.

ANSWERS TO QUERIES.

Close Finishes Feature Day's Sport at Track of Jamestown Jockey Club-Half the Card Goes to Favorites-Man with Halter Active,

Norfolk, Va., November 23.—H. G. Bedwell's good old racer, Prince Ahmed, showed his heels to a band of smart sprinters in the Berkley Handleap, the feature race of the program provided by the Jamestown Jockey Club this afternoon. Prince Ahmed carried top weight and was ridden by Forehand. In the early running he was reserved behind the terrific pace set by Helen Barbee and Black Chief, but rounding the far turn he moved up on the outside with a startling burst of speed and in the stretch he drew away into a six-lengths lead. The three-quarters of a mile was run in 1:12, which equals the track record. Besides Prince Ahmed, Cu Bon and Limpet scored as favorites.

Well balanced fields went to the post in a majority of the races and in three of them the winners were under hard drives to win by small margins. In two of the races the outcome remained in doubt until the official placing was displayed. Cu Bon scored his third successive victory when he galloped home an easy winner in the fifth race. The race was a selling affair and owner H. Burttschell was again forced to stand a raise to retain the horse. The race was one of those known as a \$400 top and bottom affair and Cu Bon was advanced to \$805 by W. N. Adrians, owner of Perthshire, which finished second.

In the fourth race Cuttyhunk beat Harvey F. a

bottom anamas, owner of Perthshire, which inhabited second.

In the fourth race Cuttyhunk beat Harvey F a nose on the post. The finish was so close that the judges could have given the purse to either of the first three. West Point probably would have won but for bearing out in the last sixteenth. Harvey F, which was placed second, saved ground all the way and finished next to the inner rail.

It was a close thing between Limpet and Clem Beachey in the sixth race. The former was a well backed favorite, but was forced to overcome much back race in the sixth race. The former was a well backed favorite, but was forced to overcome much back around the sixth race. The former was a forced to take his mount back. The rider made amends for this in the stretch, where he outrode Diggins when it came to the finish. Again in this instance the judges could have given the purse to either of the first two horses.

judges could have given the purse to either of the first two horses.

Hugh Penny was in receipt of a letter from jockey Jimmy Reid which brought the information that the lad had left France and sailed for India, where he will ride during the winter months. Reid expects to land a good contract next season in France, where

to land a good contract next season in France, where he is popular.

Ralelph P. D. came out of the third race a lame horse. On the backstretch turn near the half mile post, he was thrown against the inner fence and injured his stifle. It developed that the injuries of Fair Miss in the closing race yesterday were of the same nature. Both racers will be on the shelf for a few weeks.

In the opening race the two-year-old Tahoma was crowded against the fence and jockey Byrne suffered a crushed foot. The lad was forced to cancel his remaining engagements for the afternoon.

Jake Marklein, from Cincinnati, and R. T. Mc-Kever, from New York, were among the visitors today. Both probably will remain for the rest of the meeting.

The different railroads running out of Norfolk

today. Both probably will remain for the rest of the meeting.

The different railroads running out of Norfolk for Columbia have arranged specials to leave on the closing night of the meeting. A majority of the owners racing here have about decided to go to Columbia. Included in the list are H. G. Bedwell, J. W. Flynn, J. P. Mayberry, Sam Louis, W. A. Burttschell, S. W. Streett, Archie Zimmer, Hugh Penny, J. L. Holland, W. Gerst, L. Le Blond, E. H. Garrison, G. R. Bryson, P. H. Jones, C. L. Mack, J. U. Strode, L. M. Stackhouse, R. S. Brush and Willie Martin. The purses will be \$250 and \$300, with a \$500 handicap on the opening day.

M. J. WINN REACHES JUAREZ

El Paso, Texas, November 23.—Matt J. Winn, general manager of the Jockey, Club, Juarez, arrived here yesterday from the Mexican capital to make final preparations for the Juarez winter meeting of 100 or more days, which commences Thanksgiving Day. He is decidedly pleased with the results of the meeting which closed in Mexico City last Monday, and he believes that the capital will ultimately prove to be a big racing center.

"Racing is more or less a new thing in Mexico City," declared Mr. Winn, "but the class of people who take an interest in the sport is such as to give great premise for the future. The course is an ideal spot, and the visiting horsemen have taken suck a fancy to Mexico City that they would be the best boosters for a meeting next spring, in the event that it is decided to have it. The city is unrivaled, the horses have thrived in the high altitude and the town itself possesses attractions which will be an added influence in developing a desire on the part of American horsemen to race there. It was the desire of the horsemen that the meeting be closed a number of days ahead of schedule time, in order that the horses that were racing there might have an opportunity to rest before the opening at Juarez."

Mr. Winn spoke in glowing terms of the coming Juarez meeting, and believes it will be the most

Juarez."

Mr. Winn spoke in glowing terms of the coming Juarez meeting, and believes it will be the most successful ever held in the southwest. "There are 500 horses at the track already," he said, "and 75 will be here from Mexico City on the special tomorrow, while about 200 more will come from the east. The betting ring will be conducted on the 'open' plan, and any reputable bookmaker will be allowed to cut in."

MINISTERS BUSY IN SOUTH CAROLINA.

Charleston, S. C., November 23.—Further action on the part of local clergymen against the establishment of racing here was taken yesterday when the Ministerial Union at its regular meeting appointed a committee to draft a memorial urging three of the most influential religious bodies of the state to use their influence to secure legislation which would render local racing impossible. Yesterday also the Ministerial Association of Columbia placed itself on record as condemning emphatically the holding of horse races at Charleston or at the State Fair, or at any other place in South Carolina and calling upon the Legislature to take such action as shall prevent racing in this state.

The local Ministerial Union passed a resolution appointing a committee to prepare a memorial to be presented to the Episcopal Convention of Sunday-school Teachers, the Methodist Conference and the Haptist Convention, asking those bodies to use their efforts to secure anti-racing legislation.

Meanwhile the big racing plant is being built. A large force of laborers and many teams of mules are at work on the grounds, and preparations are being rushed for the opening of the race meeting in January.
